

Academic Integrity Board

Fall 24 Academic Integrity Statistics

The August 21, 2024, implementation of the University Academic Integrity Policy marked the beginning of an active and engaged semester for the Academic Integrity Board (AIB), overseeing academic integrity hearings and an early evaluation of the new process. Below is a summary of the preliminary findings from submitted academic integrity cases for the Fall 2024 semester.

A full report, including academic integrity statistics for the academic year and an overall review of the new policy and procedures, will be available on the academic integrity website after the end of the spring 2025 semester.

Members of the AIB are available to visit academic units to discuss the new policy. Please send any questions or comments to academic.integrity@slu.edu.

Thank you for your commitment to this important new initiative.

Sincerely,

Members of the Academic Integrity Board
